Dear Mr Barak,

30.08.09

RE.: Security risk. Uman. Ukraine.

30 000 Israeli people will travel to Uman in the next three weeks.

We are extremely concerned about the risk of an attack in the Ukraine which is known as a lawless state.

20,000 people will be inside a two story building, 300m2. Six times more people than the September 11 attacks. G-d forbid a Jewish Israeli target.

We have the solution. We wish to have a ten minute meeting with you. Please could you ask your secretary to call me on 050 8753399 or 050 4156964

Kindest regards,

Sharon Sheltser
